

2021/7, Knights Garden Centre, Limpsfield Road, Chelsham (and Warlingham)

Dear Wayne Spencer,

Warlingham Parish Council objects to this application of Green Belt designated land for the following reasons:

- Councillors can see no evidence that special circumstances exist to permit development of this land.
- The construction of a car park extension for occasional use (overflow) and commercial purposes does not outweigh the harm to landscape character (rural).
- The field is already used, on occasion, for over-flow car parking without the need for permanent development of the Green Belt.

Thank you for the opportunity to comment.

Simon Bold
Clerk, for and on behalf of, Warlingham Parish Council.
February 2021
